An interview was conducted between the undersigned and Examiner Duong on November 16, 2005.

The Kim et al. reference was discussed in light of Applicant's amended claims 38, 74 and 40. The undersigned asserted allowability of amended claims 38 and 74 for reasons provided in Applicant's last filed RCE response. The undersigned also asserted allowability of amended claim 40 for reasons asserted in Applicant's last filed RCE response. The Examiner concurred that such claims are patentable over Kim et al., but questioned whether there was support in Applicant's application as filed for claim 40. However, the undersigned asserts that the specification as-filed at

p.11, ln.21 – p.12, ln.5; p.12, lns.13-17; p.13, lns.3-9; and p.13, lns.16-22 in combination support that which Applicant recites in claim 40.

Respectfully submitted,
